## KEEP YOUR MACHINE RUNNING LIKE NEW

We understand that keeping your pressure washer in good condition is important, but it's not always easy. That's why we're here to help - with the right maintenance, you can keep your machine running like a champ for years! Use these handy tips to stay on top of its care and be sure you have us ready if any repairs are needed along the way.

1

### CHECK OIL

Check the oil indicator before each use.  
Add more oil if it's too low.

2

### PREP FOR STORAGE

Drain the fuel tank.  
Run it until it's out of gas.  
Store in a cool, dry place.

3

### CLEAN REGULARLY

Replace the air filter every few months.  
Rinse or use soap on water filters.

## MAINTAIN THE HOSE

4

Inspect for cracks and leaks.  
Replace it if it's broken so you don't damage the pump.

## THE RIGHT FLUIDS

5

Avoid harsh chemicals or cleaners.  
Use high-quality detergents made for your pressure washer.

By following these simple tips, you can keep your pressure washer running for years to come. Our high-quality products and cleaning fluids are designed to extend the life of any machine so you get a higher return on your investment.

Visit our website to schedule your maintenance appointment or stop by our showroom - we've got experts on-site who are eager to answer all your questions about proper maintenance and setup.
